

IS PREMATURE IN A DECISION

Probability That No State Republican Convention Will Be Held On Call Of State Central Committee.

IT HAS NOT BEEN DISCUSSED

Chairman Connor Credited With This Statement When Asked Relative To The Matter At His Home In Marshfield This Morning.

(SPECIAL TO THE GAZETTE.)

Marshfield, Wis., Feb. 18.—When asked today if it was likely that the question would be raised at the meeting of the republican state central committee of the calling of a convention for the nomination of delegates from Wisconsin to the republican national convention, Chairman William

D. Connor of the republican state central committee said he had heard no one advocating the calling of a convention and that he did not believe the question would be raised in the committee meeting. Instead, he declared, in his judgment the delegates to the national convention would certainly be elected in a primary without any previous convention endorsement.

TO SHAKE DICE FOR VALUABLE PROPERTY

La Crosse Man to Travel to Texas to See Which Strip of Land He Wins.

(SPECIAL TO THE GAZETTE.)

La Crosse, Wis., Feb. 18.—To travel 1800 miles to play a game of dice which will decide whether or not he will become the owner of valuable real estate in Texas, is the journey which William H. Meyer, traveling salesman for the John G. and Bro. company, will begin today. Two years ago Mr. Meyer and two other men were induced to purchase a 40-acre tract of land near a little town in central Texas, for which they paid \$7 per acre. Since that time a railroad has gone through the town and the land being desirably located an agent has offered the trio \$150 per acre for the land which he is desirous of placing into lots. Mr. Meyer intends to keep his third of the property while his partners in the venture desire to sell. The men will divide the land into three strips and abide by the result of the dice game as to which portion each shall win.

BOYS WITH CAPS OF A HIGH EXPLOSIVE

La Crosse Youngsters Have Dynamite Caps In Their Pockets When Searched.

(SPECIAL TO THE GAZETTE.)

La Crosse, Wis., Feb. 18.—The city of Wisconsin is in the throes of excitement owing to the fact that a number of boys have been discovered carrying around large quantities of dynamite caps in their pockets. The first accident occurred when Jack Keyes placed a cap on the cook stove, with the result that three fingers were blown off and the entire hand may have to be amputated. W. D. Colburn, principal of the schools, searched a lad's pocket and brought forth 92 of the dangerous explosives. The source from which the lads obtained the caps has not been learned, but it is believed they were stolen from some freight car.

DOCTOR GETS FOUR YEARS IN WAUPUN

For Performing Criminal Operation Which Resulted in Death of Anna Severson.

(SPECIAL TO THE GAZETTE.)

Milwaukee, Wis., Feb. 18.—Dr. Edward C. Schmittler was sentenced to four years imprisonment in Waupun by Judge Williams today for performing a criminal operation on Anna Severson of Racine, which resulted in her death on June 6, 1907. After sentence had been pronounced Judge Williams at the suggestion of special Assistant District Attorney Frank C. Eschweiler revoked the license of Dr. Schmittler to practice medicine.

MINERS HOPE FOR END OF TROUBLES

Representatives Gather in Peoria to Frame Demands to Present to Operators.

(SPECIAL TO THE GAZETTE.)

Peoria, Ill., Feb. 18.—Representatives of the Illinois division of the United Mine Workers assembly in convention here today to frame their demands to be presented to the convention here today to frame their demands to be presented to the conference with the operators next Thursday. While the situation presents several ominous features at the present time it is hoped that an amicable understanding will be reached, if the Illinois operators and miners come to an agreement it will materially assist in clearing up the situation in the whole competitive field, including Illinois, Indiana, Ohio and western Pennsylvania. Otherwise a general suspension of operations may take place on April 1, when the three-year agreement will expire.

MECHANICS MEETING IN NORTH CAROLINA

State Council of Junior Order United American Mechanics meets in Winston-Salem.

(SPECIAL TO THE GAZETTE.)

Winston-Salem, N. C., Feb. 18.—Several hundred delegates are here for the annual meeting of the State Council, Junior Order United American Mechanics, which opens this evening with a public session in the city auditorium. The reports prepared by the general officers for presentation to the convention show the affairs of the order in North Carolina to be in a highly satisfactory condition. A gratifying gain has been made during the year in both membership and finance. The total membership now exceeds 15,500, and in the treasury of the State council there are funds amounting to about \$10,000. The business of the convention is expected to occupy two or three days.

HARDWARE MEN OF IOWA MEET TODAY

Iowa Retail Hardware Association Holds Biggest Convention in Its History.

(SPECIAL TO THE GAZETTE.)

Cedar Rapids, Iowa, Feb. 18.—The Iowa Retail Hardware Association is celebrating its twentieth anniversary with the largest convention in its history. The initial session of the gathering took place in the Y. M. C. A. auditorium this afternoon. The chief features of the program were an address of welcome by Mayor Lightner, the annual address of President P. C. De Vol of Council Bluffs, the report of Secretary-Treasurer A. R. Sale of Mason City, and an address by S. R. Miles, president of the National Retail Hardware Association. The convention will be in session until Saturday.

RETAIL MERCHANTS OF ILLINOIS MEET

Fifteenth Annual Meeting of the Retail Merchants Association of Illinois Opens.

Dixon, Ill., Feb. 18.—The fifteenth annual meeting of the Retail Merchants Association of Illinois opened here this morning. O. H. Martin, president of the local association, called the gathering to order. Mayor G. F. Edwards delivered the address of welcome and P. E. Hopper of Paxton responded for the visitors. The remainder of the forenoon session was taken up with the address of President Westcott of Chicago and the reports of the other officers. Reports from committees and local associations occupied the afternoon. The convention will remain in session until Friday.

Among the subjects that will revolve the attention of the convention are the enforcement of the pure food laws, parcel post, postal savings banks, penny postage, fraudulent advertising, and amendments to the bankruptcy law.

COTTON GROWERS MEET IN DALLAS

Southern Cotton Association to Open Big Convention Tomorrow Morning.

(SPECIAL TO THE GAZETTE.)

Dallas, Texas, Feb. 18.—Every arriving train today brought its quota of delegates to the big convention of the Southern Cotton Association, which will be called to order here tomorrow morning. Convention headquarters were opened this morning and as fast as the delegates put in an appearance they were provided for with badges and assigned to quarters. President Jordan and other leading members of the association are confident that the convention will establish a high record for attendance. Every cotton-growing State of the South will be fully represented.

TAFT IS AT WORK IN NEW ENGLAND

Has Made Several Speeches in New England and Managers Say Prospects are Good.

(SPECIAL TO THE GAZETTE.)

Boston, Mass., Feb. 18.—After spending three days looking over the political situation in Connecticut, Secretary Taft went to New Hampshire today to make two speeches, one at Concord this afternoon and the second at Manchester this evening.

Tomorrow the Secretary of War will return to Massachusetts and during the next day or two he will be heard in Lowell and other Massachusetts cities.

The Taft managers in this section, while professing themselves well satisfied with the outlook, realize nevertheless, that as things now stand it is a toss-up as to whether Taft or Hughes will receive the support of the New England delegates to the Chicago convention. The general sentiment among New England Republicans is very favorable toward Taft. He has a strong hold on Maine, and Massachusetts, Rhode Island and Connecticut look upon him favorably. Some anti-Taft sentiment has arisen in New Hampshire, but the Taft managers, supported by several of the foremost Republican leaders in New Hampshire, expect to have everything in line before the State convention meets. In Vermont and in western Massachusetts Governor Hughes is well thought of, which is due probably to the proximity of this section to New York. Fairbanks spoke in various parts of New England several times last summer and fall, but apparently did not make a very deep impression. Speaker Cannon probably is stronger in this section than the Vice-President. The real situation appears to be that the larger part of New England stand ready to support either Taft, Hughes or Cannon. Taft has secured the services of some very able political managers and through their efforts it is probably that Taft sentiment may become dominant in most of the New England States within the next sixty days.

IN CITY COUNCIL ARENA

Thrilling Tenth Road Charlot Race
Was the Grand Climax of a Mem-
orable Session.

PROCEEDINGS OF COUNCIL

Decided to turn over half of
the tax on insurance premiums to
the firemen's pension fund,
including portions of 1907 tax
collected in 1908.

Provided for arc lights on the
Court street and Fourth avenue
bridges.

Decided to submit to the people
at the spring election the ques-
tion of purchasing the Mil-
waukee property in the 5th ward
for a park, at a cost of \$15,000.

Authorized judiciary commit-
tee to retain former City Atty.
Fred Durpee to assist City Atty.
Maxfield and Atty. W. G. Wheel-
er in defense of Hanrahan &
Lindquist's \$13,000 suit against
city for alleged sewer construc-
tion "extras."

Listened to new road-roller
propositions but took no action.
Arranged for improvement of
Racine street from Main to
Logan.

Contrary to all expectations the
session of the city council last evening
proved a busy and eventful one.
Beginning with Alderman Brown's
emphatic negation of the law of the
land, and proceeding all the way
through the midnight bridges and
down through the midnight streets
of "Mitchell Park" to the final fire
and lightning road-roller proposition,
there was scarcely a dull moment.

Firemen Share in 1907 Tax

After the usual report on bills by
the finance committee, Chairman Mer-
ritt of the fire and water committee
introduced a resolution directing the
city treasurer, in compliance with
Chap. 214 of the laws of 1907, to re-
late and place to the credit of the
firemen's pension fund one-half of all
sums received from fire insurance
companies or their agents as a 2 per
cent tax on fire insurance premiums.
Ald. Buchholz wanted to know when
the arrangement would apply and
was informed that the law went into
effect on Jan. 1, 1908; that City At-
torney Maxfield had held that it would
apply to all taxes on premiums with-
out last year's were not paid until
this year; and that Atty. George
G. Sutherland, representing the fire
police who had gone over the question
with him, concurred in the opinion.
"If the law says we MUST do it, I
see no necessity of the council's tak-
ing any action," late to be told what
I MUST do," said Alderman Brown
and he registered a negative vote, the
resolution passing 5 to 1.

Paying for Five-Point Sewers

In order to correct errors in the tax
roll, the clerk was directed to draw
out the treasurer in favor of the fol-
lowing parties for the following sums:
Pauline Huby, \$25.23, and J. Sutter
& Sons, \$22.31. Street Commissioner
James Stewart reported that a sidewalk
had been required in front of lot 1,
block 13, Smith's addition, at an
expense of \$13.98, and the city treas-
urer was directed to collect the
amount in taxes from the abutting
property. The street assessment com-
mittee's report on the completion and
acceptance of the storm-sewer con-
struction work on West Milwaukee,
Pleasant, Madison, and Wall streets,
and Center avenue, was adopted and
an order passed directing the treas-
urer to transfer the sum of \$756.31
from the 5th ward fund to the gen-
eral fund and \$1,000 additional when
there shall be any money in the gen-
eral fund, the sum of \$106.50 from the
1st ward fund to the general fund.

Lights for the Bridges

At the opening of the session Mayor
Heddes recommended the placing of
arc lights at the center of the Court
street and Fourth avenue bridges and
referred the matter to the lighting
committee. When Chairman O'Hara
of that committee subsequently asked
for further time for the consideration
of these recommendations, Ald. Dullin
objected, asking why further time was
needed.

Ald. O'Hara: "Are you on the light-
ing committee?"

Ald. Dullin: "No, but I've got a
voice in the council."

Ald. Sheridan: "I move a call of
the names and noon."

Mayor Heddes: "When there is any
objection to the allowing of further
time, it is necessary to vote on the
matter. All in favor of lights on the
two bridges?"

Ald. Sheldon: "I move as an amend-
ment that a light also be placed in the
center of the Milwaukee street
bridge."

Ald. Brown: "I understand from
the chairman of the lighting commit-
tee that the fund is exhausted. Of
course we realize from what has hap-
pened during the past few weeks that
the attention of our city has been
called to these bridges. But there are
fifty dark places where lights could
be used to advantage and I don't
think we ought to take this action at
this time."

Mayor Heddes: "I have given this
matter careful study and have found
a strong sentiment among the citi-
zens in favor of such action. The pro-
pensity against these bridges as night
thoroughfares, largely due, no doubt,
to the newspapers, may not be just-
ified. Still, the fourth avenue bridge
is a long and narrow light is needed
for steamboats as well as pedestrians
in the summertime. The additional
cost on the Court street bridge would
be nominal as the smaller light now
in service in that locality would be
removed. I am fully satisfied that
the people want these lights and while
we are anxious to avoid extra ex-
pense, I believe it is our duty to serve
our citizens."

Ald. O'Hara: "With regard to
these lights—the fund is or will be
overdrawn \$500. The expenditures will
be from \$500 to \$700 more than
last year. There are many dark places
which are much more dangerous than
these are in action."

The amendment calling for a light
on Milwaukee street bridge was voted
upon and lost. Only Alderman Jones,
Meritt, and Sheldon voting in the af-
firmative.

Ald. Sheldon: "I think this is a
matter which should be left to the
lighting committee. Their judgment
is worth while."

Ald. Buchholz: "I should like to
ask for information—what are we
voting on?"

This inquiry resulted in the discov-
ery that the supposed original mis-
take was without a sponsor. Where-
upon Ald. Sheldon moved that lights
be placed on the Court street and
Fourth avenue bridges. Ald. Clark ex-
pressed the opinion that the mayor
was in closer touch with the people's
desires in this matter than the alder-
men, as he had taken trouble to make
inquiries. The motion was carried.
Alderman O'Hara and Sheldon voting
in the negative. Ald. O'Hara suggest-
ed that the council had better select
a new chairman of the lighting com-
mittee. Mayor Heddes stated that
the matter was still in the hands of
that committee, "directed by the com-
mon council."

Park Question Broached

An order directing that the ques-
tion of the purchase by the city of
certain real estate, not exceeding
\$15,000, of the piece of real estate
known as the Mitchell property and
bounded on the north by West Mil-
waukee street, on the east by Acad-
emy street, on the south by Pleasant
street, and on the west by Marlon
street, the same to be converted into
a public park, be submitted to a vote
of the people on election day, April
7, was entertained and provoked con-
siderable discussion.

Ald. Dullin: "We've got enough
dead-end property in the Fifth ward
now. Only two or three of us are
paying taxes on it."

Ald. Sheridan: "I hardly understand
Ald. Dullin's objection."

Ald. Dullin: "If accepted as a park
it means just so much more taken
out of what's paying taxes now, and
it's the smallest ward in the city."

Ald. Sheldon: "I think it would in-
crease valuations to such an extent
that the ward would have to pay as
much more than it does now."

Ald. Dullin's home will be worth at least
20 per cent more."

Ald. Dullin: "I think Ald. Sheldon's
judgment is poor."

Dr. C. G. Dwight, president of the
Park & Pleasure Drive Association,
was given an opportunity to speak.
He called attention to the fact that
the property, as it stands, is practi-
cally unimproved; that it is the last
plot of ground available for a park in
that quarter of the city and will be
sold for a lumberyard or factory site
if the city passes its present oppor-
tunity; that the owners, the Messrs.
Jeffris and Mount, had agreed to throw
off \$2,500 from the original price of
\$17,500; that there are two school-
houses in that locality without any
playgrounds; that 100 taxpayers whom
he had personally interviewed were
in favor of the park and that there
were many more who were ready to
stand ready to improve the
property and has the money in sight.
If the city will buy it; that the city is
growing and if it is going to have
proper park facilities, it must secure
them now. His remarks were seconded
by Mayor Heddes, who said that
what property he owned was largely
located in the fifth ward; that he
thought nothing would more material-
ly benefit the city than an attractive
park near the depot, especially when
the fact was taken into consideration
that there was no public resting place
on the west side excepting the one
way down in the Fourth ward.

Ald. Meritt asked if it was neces-
sary to vote at once on the proposi-
tion in order to get it before the
people at the spring election. No
one was more heartily in favor of
having the city improved than him-
self, but he hesitated because of the
other large expenses which the city
must soon be called upon to bear. It
would only be a question of a short
time when the Fourth avenue bridge

would have to be condemned and
whenever the city undertook to get
the people's favorable vote for a new
structure there it would also have
to submit a Racine street bridge prop-
osition at the same time. Some of
the prospective expenditures enumer-
ated by the alderman from the First
ward were as follows:

Fourth ave. bridge, \$25,000
Racine St. bridge, 15,000
Main sewer, 75,000
New fire engine, 7,000

Total, \$122,000
Add Mitchell park, 15,000

Grand total, \$137,000

Ald. Sheldon did not see why there
should be any hesitation about sub-
mitting the matter to the people and
Ald. Meritt withdrew his motion to
postpone consideration. The motion
to submit the proposition to the peo-
ple was carried. Ald. Dullin register-
ing the only negative vote.

To Retain Durpee in Sewer Case

Attention was called to the fact that
the action of Hanrahan & Lindquist
to recover some \$13,000 compensa-
tion for alleged "extras" alleged not
to have been provided for in the ap-
petitions of a sewer contract which
they completed here some two years
ago, had been set for trial in circuit
court on Feb. 24. In view of the fact
that former City Attorney Fred Dur-
pee, expecting to be called upon to
try the case in 1906, had prepared
two briefs and that the case was far
larger than in view of the further fact
that Atty. W. G. Wheeler, who was
retained two years ago to assist in
the defense, had been depending on
City Atty. Maxfield to get the case in
readiness, which was obviously a large
task for one not familiar with it from
the beginning; and in view of the still
further fact that the present city at-
torney had no objection to the plan,
Ald. Meritt moved the judiciary com-
mittee retain Atty. Durpee to assist in
the trial. Ald. Sheldon did not know
as the city felt like hiring all the law-
yers in town and moved to lay Atty.
Meritt's motion on the table. The
city attorney's motion was carried.

Racine Street Improvement

A resolution setting forth the com-
mon council's judgment that Racine
street from the eastern side of South
Main street to the west side of Logan
street should be improved by grad-
ing, macadamizing, and the laying of
cement gutters and curbing, and call-
ing upon the street assessment com-
mittee to view the premises and de-
termine and assess the benefits and
damages was introduced by Ald. Shel-
don and passed by unanimous vote.

Roller Men Become Warlike

Though further time had been
granted the highway committee for
consideration of new road-roller prop-
ositions from the Monarch, Port Har-
on, and J. I. Case companies, agents
of the two last named firms and the
Austin Western motor roller manu-
facturer, were given an opportunity to
talk. Mr. Sprackling for the J. I.
Case Co. alluded feelingly to a new
machine which his company was put-
ting out in which every defect re-
marked in the one placed on trial here
was remedied—whereas, when these
weight increased two tons; steering
apparatus improved; same tremend-
ous power. The company will sell
this 12-ton machine to Janesville for
\$2,500, allowing \$700 for the old Har-
falo roller and permitting the \$100 ren-
tal for the use of the machine which
was tried here to apply on purchase
price. It will put the roller in this
city at its own expense and the city
will not be obliged to buy if it is not
found satisfactory. Mr. Sprackling
made the unpardonable remark
that the competitor who had said that
the machine he had here better didn't
weigh two tons, "I'd like him!"

The Port Haron man wanted a look in
with a machine listed at \$2,500 and
allowing \$700 for the old roller. The
Monarch company had a 10-ton ma-
chine listed at \$2,000 and would al-
low \$500 for the old one. The motor
roller representative declared that his
machines were more economical, just
as powerful and durable as the steam
machines. He admitted that his com-
pany had been manufacturing them
only two years, but said that their
practicability and advantages had
been amply demonstrated and that
they were taking orders and the moving
adjudged at the conclusion of the rol-
ler-symposium.

Who Elects City Marshal?

City Attorney Maxfield was re-
quested by Alderman Sheldon to file
an opinion at the next meeting as to
whether or not a new city marshal
is elected by the common council in
case of a resignation.

CIVIC IMPROVEMENT

It is probable that at the spring election the taxpayers of the city will be asked to vote upon many improvements that are necessary for the growth and welfare of the city. At the meeting last evening the proposition to purchase the Mitchell property at fifteen thousand dollars, to be converted into a park, was discussed and the matter will be left for the voters to decide at the coming election. It is also probable that the question of a new bridge at Fourth avenue and one at Racine street with an estimated cost of forty thousand dollars for the two structures will also come up for a vote at this time. The Fourth avenue bridge has long been needed and the necessity of the Racine street structure for the accommodation of the residents of the lower third, fourth and fifth wards has been seriously discussed many times before. However the only proposition thus far presented to the people for their consideration is that of the Mitchell property and a park in this section of the city. The Park & Pleasure Drive association offer to take the property in charge and transform it into a park without the city being at a cent's expense. It is the purpose, if the property is bought, to issue city bonds to pay for it, extending over a long term of years. The plan is a good one and worthy of the consideration of the voters as a whole. It will be a direct benefit to every citizen of Janesville and its hearty endorsement is advocated by the Gazette. The two bridges are also matters which deserve careful consideration and should not be voted down without due thought. However, this matter is not yet up to the people, but it may come. Civic improvement is something every city should advance. It is one of the best advertisements to outside capital that can be had. Janesville stands well in the list of Wisconsin cities in the matter of business and wealth, but far behind in many of the little improvements that go to make up the model city of today.

GRADUAL SETTLING OF PRICES

Out of 100 different commodities, whose prices enter into the make-up of Bradstreet's index number, nearly three-fifths of them have declined within a year. The amount of decline, taking all groups together, to Feb. 1, was nearly ten per cent, bringing the index number down to 88.125, from 98.953 on Feb. 1, 1907. The significance of this drift of prices lies largely in the length of the movement. The high water mark, according to this index, was reached on July 1, 1907. For the nine months periods intervening there has been a continuous lowering of level. There has, however, been nothing precipitate about this tendency. Its gradualness permits of adjustment in the course of its progress, and this prevents the loss of grip on values which hitherto, as the aftermath of depression, has caused so much strain and injury to business.

One factor which accounts mainly for this slower drift of prices to a lower level is found in the more compact organization of trade and industry. Within most of the leading markets there is a degree of regulative organization, much more fully developed than in 1901 or in 1893. This, together with the fact that the depression has thus far been regarded primarily as financial, rather than as industrial or commercial, helps to explain the unwillingness on the part of those who make prices to accept any radical change unless brought about by the "grinding necessity" of the interplay of supply and demand.

Though the Shah of Persia was able to live down the rumor he was assassinated, he should learn a lesson by the rumor and be more liberal in his handling of public affairs.

Of course it is certain that Roosevelt will not run again, but every so often a Rough Rider breaks forth in the report that he is the only man.

Wisconsin democrats promised to support Bryan, but did not guarantee him the electoral vote of the state. That goes to some republican.

Janesville is interested in the coming spring election to the extent that it has a candidate for the supreme bench to be voted for.

Miss Shonta's wedding was a plain one; that is certain. It could not have cost more than a couple of hundred thousand dollars.

The good old summertime is still in the far dim distance, so do not plan for your vegetable garden for some time to come.

Janesville with an automobile grocery wagon promises to step to the front in improvements of the city style.

It was certain that Mr. Connor would do something when he was ignored in the slate-making episode.

GENERAL DELIVERY FOR ALL GROCERS

Plans Being Talked to Make Arrangements For One System For Delivering the Day's Orders.

Janesville grocers are seriously considering a plan whereby one central company takes over all their delivery and do away with the individual delivery wagons. This system has been tried in Indiana and Michigan and has proved very satisfactory. The plan is to have one central delivery station where the groceries from all the different stores would be sorted into families and then a half dozen wagons would be used to distribute them. There would be five deliveries a day—three in the morning and two in the afternoon. Collections would be made by the central company's wagons at stated hours and as soon as a cargo in the central station they would be rushed out to their destination. It has been suggested that the collections would be made at eight, nine thirty and eleven in the morning and one thirty and three thirty in the afternoon, or at hours to suit the convenience of the merchants. H. S. Johnson believes the idea a good one. In speaking of it this morning he said: "Two gentlemen have been to me to broach the subject and I told them I was in favor of the plan if it was agreed. It would mean a great saving to all the grocers. There are the two teams, the delivery boys, the high price of feed, repairs and sometimes new horses to replace those that are worn out, and with the price for the delivery of orders placed at a nominal sum, say three to five cents an order, according to distance, it would be a great saving. It would enable us to have another clerk in the store to expedite matters and save us long trips to parts of the city where we have but one or two customers. The idea is not a new one but has been worked out successfully in Indiana and Ohio." Other grocers voice Mr. Johnson's opinion and view the matter as worthy of careful consideration.

Another Duke, this time a French one, has solved the problem of how to live without work.

Pittsburg wants to know when that Ark that Noah deserted is now located.

In Wisconsin to have a good old-fashioned republican convention once more?

Illinois promises to be good to Uncle Joe, but not to be his affinity.

BIBLE CLASS HAS PLEASANT BANQUET

Tenth Annual Reunion and Banquet of the Knight's Bible Class Held Last Evening.

Last night the annual reunion and banquet of the Knight's Bible Class of young men with their wives and sweethearts was held in the church parlors of the Cargill Methodist church. A tempting repast was furnished by the ladies of Circle No. 7. Over 100 were served at the tables.

Following the banquet, Mr. Frank Brown as toastmaster introduced a musical program by a new male quartette composed of Messrs. Cleveland, Van Paul Brown, and Stewart. Richards. The election of officers followed, Mr. Alonzo Hubbard, foreman at the Porech Shade factory being chosen as president for the ensuing year.

The following program was much enjoyed by all present: 8:20—Social half hour, 9:00—Supper, 9:30—Music—Male Quartette, 10:00—Class History, 10:30—Marens Kellogg Early Recollections, W. J. BATTLE ROYAL AT THE FIVE POINTS

Four Italians Have Fierce Fight Near Northwestern Freight Depot Last Evening.

Four Italians, who were laid off by the Northwestern road yesterday, had a battle royal at the Five Points last evening between seven thirty and eight o'clock. The trouble arose over money matters and had evidently been brewing for some time as they wasted no time in preliminaries but mixed as soon as the meet. Two of them came walking down the tracks and met the other two when they reached the crossing, whereupon the fight at once began. After pommeling each other for over half an hour the presence of nearly a hundred people, who gathered to see what was going on, the two who were worsted withdrew. Going to the Passenger station they telephoned to Chicago and demanded that two policemen be sent up here.

This morning when one of the defeated pair appeared in the yards more or less the worse for wear, he asked one of the men where the police station was. Knowing of their telephoning to Chicago the man replied, in a joking way, that the nearest one was in Chicago. Tapping himself upon the chest the Italian replied, and in injured tone, "Me, I telephoned for two of him last night and he not come yet."

JURY OF TWELVE TRYING COX CASE

Defendant Took Stand This Afternoon and Testified That He Struck Jacob Bady Purely in Self-Defense.

Before a jury consisting of Walter Taylor, C. J. McHugh, Thomas Nolan, Fred Woodruff, Walter Britt, Michael Bush, Eugene Wall, James Keenan, Hubert Proctor, W. W. Nash, E. W. Lowell, and Alderman J. J. Sheridan, the trial of the action of the State vs. William Cox of Indian Ford, charged with assault with intent to kill or commit a bodily injury, was resumed in municipal court today.

The defendant took the stand this afternoon and gave the following testimony: that he would be 60 years of age on the 10th of next April; that the complaining witness, Jacob Bady of Edgerton, had lived in his family for twenty-five or thirty years; that there had been ill-feeling between the Cox boys and Bady since the man had formed a habit of following him; that the latter followed him for a way after the death of the senior Cox ten years ago; that the matters relating to the Cox estate were responsible for it; that Bady had always been considered stronger than himself (the witness); that he had been afraid of the said Bady since the latter followed him for a way on the day he visited Edgerton, Jan. 4, but that witness had lost sight of him and was not expecting to see him again when he (Cox) playfully took the heavy hickory stick away from an old man named Dunn; that Bady sprang out at him from behind a telephone pole; and that in defense he struck him hard enough over the head to dislodge him from his supposed purpose of attacking the defendant but with no intent to do permanent injury. Witness denied boasting in Lynde's saloon that he had cut a hole through the man. He assured the court that he had not carried firearms since he belonged to the Anti-Forestry society fifteen years ago. The court-room was crowded with witnesses and spectators and the case was still on trial at 3:30 this afternoon.

TO USE AUTOMOBILE TO DELIVER SALES

G. W. Skelly Purchases an Automobile Delivery Wagon—First in the City.

G. W. Skelly is the first merchant in Janesville to decide to use an automobile for delivery purposes in place of horses. Mr. Skelly placed his order yesterday for a delivery wagon auto similar to those in use in other cities and the machine will be here ready for use when the spring sets in. While Mr. Skelly is the pioneer in this matter it is understood that several other merchants are seriously considering a similar move, and should it become general the poor worn-out delivery horses will be relics of the dark ages.

AS "OBSERVER" ON ENDURANCE RUN

E. A. Kemmerer of This City Will Keep Tab on One of the Automobiles in Big Winter Tour.

Landlord E. A. Kemmerer of the Park Hotel has been named by the Milwaukee Automobile club as one of the "observers" on the big endurance run from the state metropolises to Janesville and Madison; Madison to Oshkosh; and Oshkosh back to the Cream City again, which takes place on Feb. 26, 27, and 28. One of these observers will ride on each car and keep tab on any tinkering that has to be done to the running gear, tires, etc. Each car starts out "sealed" and the perfect seal will be made by the cars that get through the trip without any repairs whatever. The tour is made to demonstrate the practicability of autos for winter use.

MOONLIGHT CLUB TO MEET AT SHOPIERE

Panama and the Canal Will Be the Subject of the Last Meeting of the Season.

Afton, Feb. 17.—At Shopiere next Wednesday evening, February 19th, will be held the last meeting of the Moonlight club for the present season. Panama and the canal will be up for consideration and discussion with Dr. J. H. Tippet of Janesville as the principal speaker. Dr. Tippet's qualifications as an authority on this topic were gained by a residence in Panama and he will give the club the benefit of his personal experience, backed up by a thorough study of present-day conditions on the canal route. The club has had a splendid series of meetings during the winter and this closing meeting gives promise of keeping up to the high standard of excellence maintained thus far.

An enjoyable dinner party was given by Mr. and Mrs. L. J. McGee at their pleasant home in the town of Beloit last Saturday, those present being Mr. and Mrs. P. C. Miller; Mesdames Anna Kilmer, Josephine Antelme, Nellie McGee; Misses Gertrude Gray, Nora Mosher, Olive Antelme; Messrs. W. J. Miller, Otto Antelme, Jay Antelme.

William H. Olson, third truck operator at the C. & N. W. Ry. station here, has been succeeded in that position by Operator Blann of Chicago. J. H. Eddy and family have decided to move back to Beloit to reside and Mr. Eddy will have a sale of farm machinery, stock and household goods next Friday. We are sorry to leave this family from Janesville, but Mr. Eddy could not find a farm suitable for his needs and so goes back to city life.

BRODHEAD.

Brodhead, Feb. 17.—Mr. Frank Gold and two sons of Beloit, Minnesota, are visiting Brodhead friends. Mr. Gold was formerly a resident here but is now a prosperous banker in his home town. In fact he is interested in several banks and is prospering nicely. He and his sons are at present the guests of Mr. and Mrs. P. A. Kutz and daughter Mildred.

Miss Anna M. Young was in Beloit on Saturday to attend the funeral of her uncle, Mr. Samuel Young.

Miss Martha Giesse spent Saturday in Onondaga, accompanied by Mrs. Pearl Giesse, her sister.

Mrs. Ralph M. Ericson, who has been in Beloitville for a fortnight, returned home on Saturday.

Miss Mildred Kutz is home from her studies at Rockford for a few days.

Miss Martha Marsh of Marshfield spent Friday in Brodhead the guest of Miss Mildred Kutz.

Mr. and Mrs. H. H. Ballou and son of Rockford were guests over Sunday at the home of Messrs. P. A. Kutz and W. F. Hreyvogel.

The damp and mild weather of the past week afforded the growers an opportunity to take down their tobacco and get it into bundles. The majority find the crop much better than the anticipated one and consequently have a feeling of satisfaction in the certainty of getting a good article.

On Thursday evening of this week the Knights of Pythias lodge of this city will be visited by supreme representatives from H. H. and S. U. S. Burns of Milwaukee, and a large delegation of Knights from the Monroe lodge. There is to be the conferring of degrees and later in the evening a banquet is to be served. The order in this city is in a very flourishing condition. New members are being received at each weekly meeting. A fine new electric sign has lately been installed marking the meeting place.

Miss Myrtle Hill has returned from a visit of some weeks in Aberdeen, South Dakota.

Mr. and Mrs. O. J. Haer expect to soon again resume housekeeping but have not as yet decided upon a house.

Mrs. Abby Spill, Burnett, a lady who has spent some years in Southern India, will give a lecture on "A High Caste Hindu Woman" in the Congregational church on Friday evening, Feb. 21, at 7:30 o'clock. No admission and all are invited to attend.

Mrs. I. H. Howard has been ill the past week with an attack of tonsillitis.

The annual high school debating contest will take place on the 28th inst. at which time the winner chooses to represent our school at the Rock River Valley League contest.

It is rumored here that a meeting of the advocates of local beer has been held and have named ex-Mayor J. A. Young as their choice for mayor. It is also alleged that Mr. J. H. Oliver will be placed in nomination by the no-license faction.

Mrs. Thos. Dowles, of 217 South Main St., Janesville, Wis., says: "My husband used Doan's Kidney Pills for kidney troubles and backache and found more relief thereby than from any of the other remedies he used for the trouble. Since using one box, obtained at the People's Drug Co., he has entirely recovered from those attacks of backache and weakness which had bothered him for a number of years. The continuous dull pain used to make him helpless, particularly when getting out of a chair or stooping to pick up anything. Before he used your remedy, it was almost impossible for him to regain an upright position without using some support. He has not been troubled in this way since using Doan's Kidney Pills."

GAZETTE PRINTING CO.

NOW READY.

THE AMERICAN GOVERNMENT

We have just published a work entitled "The American Government," edited by H. C. Gauss, Esq. Mr. Gauss is a trained journalist at present occupying the responsible position of Private Secretary to Attorney General Bonaparte.

This book not only gives a list of all officers of sufficient importance to be filled by Presidential appointment and subject to confirmation by the Senate, but a complete statement of the powers and duties pertaining to each of them and the salary attached thereto. How many Americans are there who could tell precisely what the powers and responsibilities of the United States District Attorney or the Collector of the Port are, and the extent of power vested in the hands of Bank Examiners and the Controller of the Currency, and to what work of reference could they turn for full information up on these subjects?

This book contains information upon points of law, procedure and custom not known to many of even the best informed citizens. Not many know that the terms of the Postmaster General and the Comptroller of the Currency extend a month beyond the term of the President who appointed them, and that the Postmaster General, unlike other Cabinet officers, can be removed by the President only with the consent of the Senate. Few know that United States Senators and Representatives have a right to select subject to the passing of examinations, cadets in the Naval Academy, but have no such right with reference to the Military Academy, for which their selections are merely advisory, the President having the sole power of appointment. These and many hundreds of other facts as little familiar are brought out in this useful volume.

What American traveling abroad or contemplating going but would gladly know the duties and powers of the American Ambassador and Minister, the Consul General and the American Consul; what their duties are not only to the Government they represent, but to American citizens who visit the countries to which they are accredited as well. Not long since a famous New Yorker lost a suit in the United States Circuit Court involving more than \$100,000. He desired to appeal it to the Supreme Court of the United States, but was astounded at being told by his lawyers that they were not sure that he could appeal it, and to his astonishment the Supreme Court refused to hear the case. Now this book tells just what cases can be heard in the U. S. Courts and the jurisdiction of each court; and also covers all points likely to come up about the Government and its officials in all their relations at home and abroad.

The book makes a volume of nine hundred pages, bound in half morocco, and the price is \$5. It is a book of reference for American citizens and for foreigners who desire full and authentic information as to the organization of the United States Government.

DOES IT PAY?

Does it pay to sell whole milk when you can get as much for the cream and still have the skim milk for feed?

Farmers, study this proposition carefully. Just because your father hauled milk to the factory don't think you are obliged to do the same.

There is no doubt, that with proper care and feeding the farmer who uses a hand separator and feeds his skim milk will be richer at the end of the year than the farmer who hauls his milk to the factory.

Figure how many calves and pigs you can raise with a hand separator and how much time and money you save on the hauling proposition.

Ship us your cream and let us prove to you that Janesville is the best market for cream. Come and see us and learn our way of doing business. All that is fair in weight, test, and price.
